

HOSTETTER'S CELEBRATED STOMACH BITTERS ALL WOMEN

Who wish to retain or regain their health must see to it that functional regularity is established. This is an all-important question and the wise woman will resort to Hostetter's Stomach Bitters at the first symptom of any derangement, because she knows it always gives prompt relief. Pains in the Back, Bloating, Vomiting, Headache, Indigestion, Dyspepsia, Fainting Spells and Sleeplessness are all danger signals which require the Bitters. Try one bottle.

HOSTETTER'S STOMACH - BITTERS WE HAVA BISCUIT

to suit every taste and they're all fresh goods that came on the last "Alameda."

Peck, Frean & Co.'s dainty and exquisitely flavored biscuits and wafers are favorites and the requisite at all afternoon teas, etc.

They come all the way from London hermetically sealed.

Equally fine goods are those made by the National Biscuit Co. and by the American Biscuit Co.

Our assortment at the present time is complete and all goods guaranteed fresh.

In tins and bulk.

CASE COMES TO A HEAD

Demurrer in the Parker Guardianship Set for Hearing.

Judge Gear yesterday afternoon granted the motion of J. A. Magoon to set for hearing the demurrer of A. W. Carter, guardian, to the amended petition of J. S. Low. The time set was 9:30 a. m. Monday next. W. A. Kinney, one of Carter's attorneys, had claimed that precedence should be given to a motion on file to strike the amended petition from the files. The court held against this claim that it was necessary to call up the motion by notice the same as a demurrer.

IMPERTINENT AND SCANDALOUS.
A. W. Carter, guardian of the property of Annie T. K. Parker, a minor, entered fourteen exceptions to portions of the counter affidavits of J. S. Low, Samuel Parker and F. Wundenberg, on the ground that they "are scandalous and impertinent and ought to be expunged." The paper is signed by Mr. Carter's attorneys—Kinney, McClanahan & Cooper, Ballou & Marx and Robertson & Wilder—who serve the following notice on J. Alfred Magoon and J. Lightfoot, attorneys for J. S. Low: "Please take notice that we have filed the above exceptions in the Circuit Court of the First Circuit, in probate, in the matter of the guardianship of Annie T. K. Parker, a minor, and that unless you file a submission to the same within twenty-four hours from the service hereof we shall ask to be heard upon said exceptions before the Honorable George D. Gear upon the 22nd day of August, A. D. 1904, at 10 a. m. or as soon thereafter as counsel can be heard."

CHURCH'S APPEAL

Argument took place before Judge Gear yesterday on the bill of exceptions of defendant in the case of Brewster vs. Church, and the matter was continued until Tuesday. J. A. Magoon appeared for plaintiff, C. F. Clements for defendant. It was a suit to recover \$1000 paid on an option to buy an interest in the Honolulu Photo Supply Co. An instructed verdict for that amount was rendered by a jury and the defendant noted exceptions to the Supreme Court upon the court's denial of motion for new trial.

DAMAGE SUIT ANSWER.

In the suit of James H. Cummings vs. Pioneer Building & Loan Association the defendant by its attorneys, Robertson & Wilder, files a denial of every allegation in the complaint. Plaintiff claims \$1500 damages for keeping him out of possession of premises bought at foreclosure sale, being the house and lot formerly owned by the late James H. Hunt.

CONGDON ESTATE.

Matters relating to the estate of the late Harry Congdon were before Judge Gear yesterday and continued until Tuesday next. The hearing will include the master's report and petitions for allowance of accounts and an order to sell real estate.

FOUNDED IN HONOUR.

No doubt you have seen in the papers such announcements as this concerning some medicine or other: "If, on trial, you write that this medicine has done you no good we will refund your money."—Now, we have never had reason to speak in that way concerning the remedy named in this article. In a trade extending throughout the world, nobody has ever complained that our medicine has failed, or asked for the return of his money. The public never grumbles at honesty and skillfully made bread, or at a medicine which really and actually does what it was made to do. The foundations of WAMPOLE'S PREPARATION are laid in sincerity and honour, the knowledge of which on the part of the people explains its popularity and success. There is nothing to disguise or conceal. It was not dreamed out, or discovered by accident; it was studied out, on the solid principles of applied medical science. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. This remedy is praised by all who have employed it in any of the diseases it is recommended to relieve and cure, and is effective from the first dose. In Anemia, Scrofula, Nervous and General Debility, Influenza, La Grippe, and Throat and Lung Troubles, it is a specific. Dr. Thos. Hunt Stucky says: "The continued use of it in my practice, convinces me that it is the most palatable, least nauseating, and best preparation now on the market." You can take it with the assurance of getting well. One bottle proves its intrinsic value. "You cannot be disappointed in it." Sold by all chemists everywhere.

CHARITY FOR ANY DESERVING CASE

The Catholic Benevolent Union of Hawaii has now been in existence for nearly five years, and it is deemed to be only fair and just that those who contribute so generously to the funds of the society but do not attend its meetings should have some sort of a statement showing what has been done with the funds.

Of course, practically the whole income of the society, including dues, assessments, receipts from entertainments, donations, etc., are devoted to charity, only a very small amount going to keep the hall in repair.

All moneys expended for charity pass through the hands of the clergy, so that those who contribute may be sure it is applied in the right channels. The goodly sum of nearly \$5,000 has been expended for charity in the five years' existence of the society, and the amount of good this has accomplished will never fully be known. But one thing is certain, no like amount has ever been expended in more worthy charity. The society has most excellent facilities for reaching those who really need and deserve charity, and every cent expended is made to accomplish the purpose intended.

The subjoined table shows the amounts received and expended, by years, since organization. It will be seen that the disbursements have exceeded the receipts in all but the first year, but the society never refuses a worthy case, no matter what race, color or creed, as long as there is a cent in the treasury.

In a Territory like this, where there are no public charitable institutions, private ones must take their place. All the society asks is that when it appeals to the public through an entertainment, dance, or any other form of raising funds, that they will remember the good work the Union has done and respond cheerfully and generously. The officers and active members of the society give their time and efforts freely and unsparingly for the benefit of their more unfortunate fellow men, and the public can at times assist them greatly in the greatest of all virtues, the noble work of charity.

The following table shows the receipts and disbursements for the time the society has been in existence:

Year ending	Receipts	Disbursements
June 30, 1900.....	\$2,454.75	\$ 875.50
June 30, 1901.....	833.90	937.30
June 30, 1902.....	775.25	1,011.55
June 30, 1903.....	587.50	1,190.65
June 30, 1904.....	515.45	914.55
Total	\$5,166.85	\$4,929.55

F. D. CREEDON,
Treasurer.

NEW PALOLO ROAD SOON TO BE BUILT

The proposed Palolo valley road, for which \$20,000 is appropriated in the Loan Act, will not be built under contract but as part of the regular Honolulu road department's work. A survey of the route has been some time completed and only the preparation of working maps is awaited to enable the building of the road to begin.

One branch of the road is to run up the western side of the valley, following the direction of the old road, and will meet the other branch on the eastern side, coming out at Waialae road on the line of 10th avenue across Palolo and Kaimuki tracts.

IMPROVEMENTS IN BIG MAUI SCHOOLS

Principal McDonald of Lahainaluna and Principal Copeland of Wailuku school were in consultation yesterday with A. T. Atkinson, Superintendent of Public Instruction, relative to improvements suggested in those institutions respectively. The suggestions of both gentlemen were taken into consideration and almost entirely allowed so far as was in the power of the Superintendent, who will duly report the recommendations to the board of Commissioners of Public Instruction.

CURES SOREHEAD EVERY TIME

So many requests have come for back numbers containing the Advertiser remedy for the disease of sorehead in fowls as to nearly exhaust the supply. Hence the republication of the valuable recipe as follows:

Cover the sores with any greasy substance like lard or vaseline. This allays the irritation and keeps the fowl from scratching the raw places. Then take the affected fowl in hand, pry open its bill and, using a sewing machine oil can, squirt down its throat one or two jets of a mixture thus composed: One tablespoonful of kerosene, one tablespoonful of turpentine and two tablespoonfuls of castor oil, well shaken together. One treatment is usually enough. If not, repeat. While the fowl is recovering give it plenty of mixed food to keep up its strength. Have a pan of fresh water handy after the special treatment and let the chicken drink at once. Do not mistake swellhead for sorehead. The former disease cannot be easily cured.

PEOPLE WE KNOW

They Are Honolulu People
and What They Say is of
Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. So many strange occurrences go the rounds of the press; are published as facts, people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual experience of our citizens, and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right in Honolulu, one whom you can see every day, leaves no ground for the skeptic to stand on.

Mrs. N. Joseph lives at the corner of Liliha and King streets, this city. She states as follows: "I was troubled for several months with a lame back, and also suffered from occasional attacks of chills. These various complaints made my condition by no means a happy one, so that I much desired some remedy which would bring relief. This I found in Doan's Backache Kidney Pills, some of which I obtained at the Hollister Drug Co.'s store. I am pleased to say that they gave me not merely temporary but permanent relief and I have not the least hesitancy therefore in recommending Doan's Backache Kidney Pills. They are a good kidney medicine."

Doan's Backache Kidney Pills are for sale by all dealers at 50 cents per box, (six boxes \$2.50). Mailed by the Hollister Drug Co., Ltd., Honolulu, wholesale agents for the Hawaiian Islands.

PROF. BARTON WILL TALK ON GREENLAND

Prof. Geo. H. Barton has consented to give a lecture Monday evening next at 8 o'clock, at C. R. Bishop Hall, Oahu College, on "A Summer Trip to Greenland," which will be profusely illustrated with stereopticon views.

The lecture will be one of the series given under the auspices of the Young Men's Research Club, to which the public are invited. This is the series in which Prof. Brigham and Dr. Mary Roberts Smith have appeared. An admission fee of twenty-five cents will be charged, which, it is explained, is not to swell the treasury of the club but merely to cover incidental expenses of the course of lectures.

Prof. Barton was with Lieut. Peary in one of his polar expeditions, consequently will speak largely from knowledge gained at first hand. He is without an experienced public lecturer. There are seventy-five lantern slides in his outfit for this particular lecture. Prof. Barton has a liking for these islands, having visited them some years ago. He was formerly a professor in the Boston Institute of Technology and is now at the head of a teachers' college, being accompanied on his present visit by a bevy of his fair students.

PUBLIC WORKS DOES NOT LIKE SHIFTING

There is a strong feeling in the Public Works Department against having its main offices taken for a Senate chamber when the Legislature meets next winter. It cost hundreds of dollars to move out and the same to move in again on account of the special session this year.

Since then the office of the water works has been incorporated with the departmental service, special accommodation therefore being provided. It is urged that the Senate, with its only fifteen members and three or four officers, can be quite snugly ensconced upstairs in the Secretary's office, which has less paraphernalia to move about than Public Works—not to mention the accommodating disposition of Secretary Atkinson.

The whole difficulty goes to the promotion of a new Territorial building.

GOVERNOR VISITED THE NEW PRISON

Governor Carter and Superintendent of Public Works Holloway visited the new prison yesterday and inspected the building thoroughly. They appeared pleased with the progress made. The wall, at the time of their visit, was shown to be nearing completion. The jail will be ready for occupancy in about five or six weeks.

CHANGE OF WATER often brings on diarrhoea. For this reason many experienced travelers carry a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with them to be used in case of an emergency. This preparation has no equal as a cure for bowel complaints. It can not be obtained while on board the cars or steamship, and that is where it is most likely to be needed. Buy a bottle before leaving home. Sold by Benson, Smith & Co., Wholesale Agents.

REAL RUDE.

"The weather we have now," said the oldest inhabitant, "isn't anything like it was when I was a boy."
"Huh!" growled the fussy person, "as for that, it isn't anything like it was six months ago."—Chicago News.

Announcement of Auctions

THIS DAY Auction Sale OF Two Fine Cottages

SEVEN ROOMS EACH, 3 1/2 YEARS OLD.

SATURDAY, AUGUST 20, 1904

AT 12 O'CLOCK NOON.
